benefitting the patients of

Monday, April 29, 2013

12:30 p.m. Start

West Orange Country Club

Winter Garden, FL

Our Mission

The mission of Community Health Centers, Inc. is to provide quality and compassionate primary and preventive medical, dental and pharmaceutical services to Central Florida's economically and culturally diverse communities.

Your Gift Makes a Difference!

We are celebrating 40 years on our mission. Last year, our health centers provided medical and dental care for more than 53,000 patients with more than 170,000 clinical visits. Through the generosity of friends like you, we will be able to serve our areas underserved babies, children, adults and senior citizens. Your contribution will go directly to the delivery of healthcare to patients with the greatest needs and least amount of financial resources.

With your investment in our mission, we are able to offer our sliding discount program to even more uninsured patients who live below 200% of poverty. We are proud of the quality of care that we provide, yet we realize how great the remaining need is in Central Florida.

Each year there is a growing demand for our health services. In 2012, we are pleased to share with you the opening of a new Pediatric Medical and Dental Care center that provides care for the underserved babies and children in the Meadow Woods area. We continue to assess the needs of the children, families and seniors, who do not have access to affordable healthcare. In the current economic climate, many of our patients have lost their job and no longer have health insurance or are seniors who cannot afford their prescription medications. Your contributions help to ensure that we can continue in our mission to meet our area's growing healthcare needs.

We ask for generosity in your gift to our annual appeal and we deeply appreciate your donation at the financial level within your means. We speak for the tens of thousands of patients that we care for on a yearly basis, when we say thank you for your consideration.
